Everybody admires pretty teeth; more people could have them than do. Care—intelligent care makes them so.

Use a little of Rogers' Ivory Dental Paste on them daily with a good tooth brush and they'll be doubly attractive.

Our Ivory Dental Paste is new to the public—we've tried it long enough to recommend it very highly. Besides cleansing, it's antisepetic, makes the gums healthy and the breath sweet. It's the largest 25 cent tube made too.

NEWS OF THE FIGHT.

Much Interest Manifested by Many in This City,

FITZ'S MANY DISAPPOINTED FRIENDS.

Crowds About the Western Union Office and at the Russell House—Waiting for This Morning's New York Papers.

The fight between Jeffries and Fitzsimmons aroused almost as much interest in this city as the Fitz-Corbett match. The Western Union office was crowded and people filled all of the space in front of the office.

There was a large number at the Russell House, where O. H. Brown received reports over the telephone.

At a private office a large number listened while an operator read off:

"Fitz—swings—for—head——missed——Jeffries—lands—right—stomach."

All of the messages, which began at 10:20 and continued without cessation up to 11 o'clock, showed that Jeffries was doing all of the good work. He landed when and where he pleased. Fitzsimmons' name was barely mentioned in the dispatches.

The crowd were all Fitzsimmons men, and they heard the reports with confidence that their man was simply playing a waiting game. Then came the news that he had landed on Jeffries' heart once or twice and that Jeffries was still strong, and Fitzsimmons' stock went down. A man jokingly said to a Fitz enthusiast: "I'll bet twenty cents to ten that Fitz won't last ten rounds." It was taken in the same spirit of fun. Then the tenth round began to come in:

"Fitz—knocked—down—twice——unable—to—get—up——counted—eight——Fitz—regains—feet——gong—rings."

The gong at the end of this round was all that saved Fitz from being put out of business in the tenth round.

The news that Jeffries had won was received at 10:05 and then the crowd disappeared to quiet excited nerves.

This morning the Erie milk train's engine bothered and the train with the morning papers did not reach here until 8:20. There was a great crowd at the depot. That there were so many newsboys in this city was a revelation to many. They waited around quietly indeed for boys, and there seemed to be a solemnity in the vicinity which one might expect outside of a jail yard at a hanging. It was plain that nerves were strung up to a high pitch in anticipation of the realistic newspaper descriptions of how one man who was three inches taller and fifty pounds heavier had five times lowered his adversary before a panting crowd of men willing to pay $10 to see such a sight.

Bootblack George, who is an authority on fighting, explained to a small party of railroad men how the thing had been accomplished and his positions and arm swings would have jarred even Jeffries courage.

Then the train came in and there was a rush for the newspapers. Men in business bought a paper and sat down on the rail around "Jimmy" Wright's grass plot and they wouldn't have moved if their errand boys had told them that there was a blaze in the store. One man stood next to the Wells-Fargo office and read the report out loud to a dozen loungers, whites, black and coffee colored. Small boys with newspaper routes started off at a snail's pace, their heads bent intently on the report of the fight, while subscribers turned at the unexplained delay. But what's the use of taking up any more space telling what a lot of poor weak men and boys there are when a couple of well dressed bruisers are put up to fight each other.

A PORT JERVIS THIRST.

Couldn't Wait for the Mixing of a Cocktail.

From the Goshen Independent.

"Gimme," said the Port Jervis man as he faced Eddie Riverkamp, the St. Elmo's talented mixologist, a "martini cocktail." And as the ice clinked in the glass and the fragrance of the various ingredients filled the air the Port Jervis man spoke again. "Gimme," he said huskily "a whiskey, while I'm waitin'." There is nothing like a thirst of the Port Jervis sort to render a man keenly appreciative of the excellence of the liquid refreshments which prevail in Goshen.

A Burglar's Light Sentence.

Stephen Wands, who pleaded guilty in the Pike county court, Wednesday, to breaking into the Erie station at Parker's Glen and stealing $119, got off with a light sentence. He had been in jail eight months and was sentenced to four months' more imprisonment, to pay a fine of $50 and to return $67.10 of the stolen money which was not recovered.

The Franklin Furnace Plant.

The engineer who examined the Franklin furnace plant reported that the boilers and engines were in fair condition, after an idleness of twelve years, and that the works could be started after an expenditure of $16,000 for repairs. The company has decided to begin the work at once.

Insects Stung His Eyes.

George Farnum, a Port Jervis jeweler, while riding through Cole street, that village, Thursday night, ran into a swarm of insects several of which got into his eyes and stung them. He was driven home suffering intense pain and his eyes became so inflamed that a physician had to remain with him nearly all night.

A Down-the-River Snake Story.

Newburgh men who were driving along the road between Cold Spring and Garrison, Thursday, saw a very large blacksnake in the road which they killed and which, on cutting open, they found had swallowed two young pug pups. The snake was six feet feet long.

Cut Open His Scalp.

John Connors, an employe of the O. and W. car shops, fell, Friday afternoon, at the shops and received a scalp wound which Dr. Mills dressed at Thrall Hospital.

VERDICT AGAINST THE ERIE.

George C. Hudson Given $3,000 in His Suit Growing Out of an Accident at Monroe.

John W. Seymour, William Ratcliff, James Creegan, Washington J. Hall, Richard Van Houten, John Morris and Azael Paddeford were examined for the defense in Hudson vs. the Erie, Friday afternoon. Their testimony added but little to that which had already been given. The defense rested.

A motion to dismiss was denied and an exception taken.

Mr. Bacon began his address by stating that his sympathy was with the unfortunate sufferer by the accident, but he contended that the railroad company was not responsible for his misfortunes. He argued that the defendant ran against the locomotive and not the locomotive against the defendant, and martialed and arrayed the testimony which supported that theory. Mr. Bacon spoke with his usual vigor, clearness and impressiveness. He laid particular stress upon the statements of Mr. Ratcliff, the engineer, and claimed that his testimony should be accepted as true because he was in the best position to see the whole of the accident and to know exactly what had taken place.

Mr. Gardner's summing up was graceful, dignified and forceful. He said that this case is likely to establish a precedent, the principle of which would be that railroad trains cannot run at high rates of speed through populous villages without giving warning signals that do some good on the spot where they were needed. He claimed that on the testimony as to whether signals of whistle and bell were given, the statements of disinterested witnesses who saw and listened should obtain the credence and belief of the jury.

Mr. Gardner is the author of four large volumes entitled "American Negligence Reports," which contain all the decisions of the courts of this and other States, together with those of foreign countries, which are sought for all over the United States by such of the legal fraternity as are interested in this branch of the law. Advance sheets of this work, which are being kept up-to-date, are issued every two months. Mr. Gardner's labors as the editor and collector of these works have been of great advantage to him in this trial as well as the others of similar character in which he has been engaged.

The court, in charging the jury, stated the law to be that the railroad company was required to give the usual and ordinary warning signals and nothing more, and that the person crossing a railroad track whether on foot or in a vehicle is bound to exercise care and caution and the more dangerous the crossing the greater is the care and vigilance required of him. The charge was entirely impartial.

The case was given to the jury at 4:45 and a verdict of $5,000 was soon found. It is said that the verdict instead of being sealed was delivered to the deputy clerk and lawyers are wondering what the effect of this alleged irregularity will be.

The calendar for Monday is Nos. 4, 19, 30, 37, 38, 45, 46, 48, 49.

ON THE GREEN DIAMOND.

The Orange County Base Ball Tossers Defeated by the Asylums.

The Orange County Base Ball Club was defeated by the Asylum team at the hospital grounds by the score of 16-13, Friday morning. The Orange County team tied the score in the ninth inning and then had a bad case of rattles, the Asylums scoring three runs in the tenth inning.

The batteries were Adelman and and Jacobus for the Orange Countys and Butts and Shafer for the Asylums and they were two rattling good batteries.

A return game will be played in the near future.

BURGLARS AT FAIR OAKS.

Entered Askew's Hotel But Took Only a Bottle of Beer.

M. S. Askew's hotel at Fair Oaks was broken into, Friday night. Entrance was effected either through the sitting room or barroom, for a window in each was broken. Nothing was missing, this morning, except the contents of a bottle of beer, the empty bottle having been found on the counter. A whip dropped by the intruders was found in front of the hotel, this morning, which the owners can have by proving property. It is said there were two men in the wagon which stopped in front of the hotel.

Sale of Blue Stone Quarries.

Daniel Finn and Charles J. Everson, of this city, and J. P. Roosa of Monticello, have sold their tract of 300 acres of blue stone land at Oakland Valley, formerly owned by Hon. O. B. Wheeler, to John M. Richte, of New York, who represents a syndicate of blue stone dealers. All the stone on the docks was included in the sale. The new owners propose to work the quarries on an extensive scale.

Thos. Fallon Leases the Monticello House.

Thomas Fallon, who removed from this city to Monticello to engage in the hotel business there, and whose tax certificate was revoked because the consents of the necessary number of property owners had not been secured, has leased the Monticello House of Joseph Covart and took possession June 5. He pays $1,200 a year rent.

Matting Thieves Sent to Jail for Four Months.

Charles Brown and Richard Mercy, who were arrested in this city, charged with stealing matting from J. J. Stage's house near New Hampton, were sentenced to jail for four months each by Justice Wyker, of Goshen. The three women were discharged, there being no evidence to connect them with the robbery.

Judgment Against Newburgh's Electric Road Reversed.

The Appellate Division of the Supreme Court has reversed the judgment for $1,500 obtained by Lena Leyh, who claimed to have been hurt while a passenger on the road on her way to Walden. A new trial is ordered.

BULLET IN HIS LEG.

Sequel to a Poaching Expedition to Orchard Lake.

BROUGHT TO THRALL HOSPITAL.

Frank McGar Very Badly Wounded—Thigh Bone Shattered by a Bullet—Three Shots in the Dark—Probably Fired by the Watchman.

Frank McGar, twenty-two years old, of Emmonsville, Sullivan county, was brought to Thrall Hospital, this morning, where Dr. Hulett, assisted by Dr. Mills, removed a 44-calibre bullet from his leg. The wound was received while on a poaching expedition to a private trout preserve, Friday night.

Fishermen of this city are well acquainted with the Orchard Lake fishing preserve, situated about seven miles from Livingston Manor, where Stoddard Hammond is wont, so fishermen say, to sort out the visitors' trout and sell them the males for fifty cents a pound. He guards this preserve zealously and poachers are rare.

Edward Tompkins is employed there as night watchman and he has warned some of the young men in the vicinity that he would shoot them if they were caught fishing in the lake.

Nevertheless, on Friday night, after darkness had settled over the place, Frank McGar, his cousin, John McGar, who resides at Emmonsville, and Albert Bush, of Livingston Manor, went to the lake and fished. They had only caught a few trout and one eel at 10:30 when they started home. They walked in single file, Frank McGar being ahead, John next and Bush bringing up the rear.

They had progressed about 200 feet up the hillside when the report of a rifle, a short distance away, awoke them to the fact that they were discovered. Three more reports followed in quick succession, and the last bullet struck Frank McGar in the thigh, the ball following the bone around to the front where it remained hidden.

McGar fell to the ground with a cry and the shooting ceased. The watchman, after the shooting, returned to Hammond's cottage and he and Mr Hammond returned to the scene of the affair.

McGar was lying upon the ground in great pain and he was removed with difficulty to a boat and thence to Mr Hammond's cottage. This morning he was brought to this city as already told.

The ball was removed about 10:30 and the physicians found that the femur was completely shattered. The wound is a very serious one, such cases frequently resulting fatally. McGar has youth in his favor, however.

John McGar was seen by an Argus reporter at Thrall Hospital, this morning. He said that the wounded man is the son of Wm. McGar, of Kenoza Lake. He has been living with an uncle, Albert McGar, at Emmonsville, who is John's father.

John was laboring under great excitement, which was accentuated by the cries coming from Frank in the ward. He said that they had never poached there before, but his look did not corroborate the statement. He said they could not see who shot at them, but that he supposed it was Tompkins. He said that he understood Tompkins gave himself in charge of the authorities, this morning.

IN A PRECARIOUS CONDITON.

Dr. Hulett stated, this afternoon, that the patient's condition was most precarious. The physicians had to make an excision of the hip bone, removing from four to six inches of it.

Drs. Smiley and Redfield were also present at the operation.

Funeral of Mrs. McQuoid.

The funeral of Mrs. Cynthia Beakes McQuoid was held from her late residence, No. 45 East Main street, at 2.30, this afternoon, and was very largely attended. Rev. Dr. Charles Beattie officiated, assisted by R. Brewster Beattie. A quartette, consisting of Mr. and Mrs. H. L. Adams, George Wickham and Miss Mapes sang three selections. There was a profusion of floral tributes, a number of them coming from W. H. McQuoid's Wall Street friends.

Burial was in Hillside, the bearers being D. H. Bailey, G. H. Decker, S. M. Boyd and C. Macardell.

LADIES' GUILD AT OGDEN FARM

First Congregational Ladies Spend a Pleasant and Profitable Afternoon.

The regular monthly meeting of the Ladies' Guild of the First Congregational Church was held, Friday afternoon, at Ogden Farm. The house was beautifully decorated and the members of the Guild were welcomed by Mrs. Ogden and her daughters, Mrs. C. A. Whitney and Miss Genevieve Ogden.

Mrs. E. A. Tice read from the Bible, Dr. Robinson offered prayer, Miss Mamie Jones read an interesting article and then Cesarea, the afternoon's subject, was taken up. Mrs. A. S. Douglas read a paper on "The Boarding School at Telas, and Miss Parsons told of "Mission Work in Cesarea."

Mrs. B. F. Keeler, delegate to the State association, gave an excellent account of its recent convention at Corning.

A duet by Misses Howland and Marvin and a solo by Mrs C. H. Mapes were enjoyed by all.

Refreshments were served on the porch and lawn.

Got Off Easily After All.

From the Newburgh Register.

Lindsey Smith, of Fishkill, who was sentenced by Judge Beattie to pay $250 fine for selling obscene literature, or to be imprisoned 250 days, has been released. He served fifteen days, paid $35, and the 200 days of the unexpired sentence were remitted. The court evidently thought the imposing of the sentence would have a good effect, and then "let up" on the victim.

SATURDAY, JUNE 10, 1899

An organ grinder's monkey, crazed by heat, which attacked a crowd of children in a New York street, was one of the novel developments of the recent hot wave.

The Cornell University experiment station has got out an "emergency bulletin" in regard to the caterpillars which are destroying orchards and shade and forest trees in many parts of the State. The bulletin contains some beautiful pictures of the caterpillars and a learned disquisition on the habits of the pests, but is as barren of suggestions as to how to get rid of them or to stop their depredations as a last year's almanac

Gov. Roosevelt appeared, Friday, in the role of public bulldozer In his speech at the unveiling of the Fred Douglass statue in Rochester he went far out of his way to serve notice on the corporations that, if they fought the franchise tax bill on technicalities and had it declared unconstitutional, "a still more drastic bill will be placed on the statute books." The Governor's threat looks very much like an admission that he is by no means sure that his pet measure will stand the test of judicial scrutiny

It was inevitable that there should be friction between Gen. Otis and the Philippine commission. The wonder is that it did not come sooner. Before they went to Manila the commissioners were cautioned by the President not to interfere with military operations, but they have done so indirectly, and their eagerness to negotiate with Aguinaldo and patch up some kind of a peace has encouraged the insurgents to believe that the Americans had no spirit for war. Gen Otis has had enough of diplomacy mixed with war and is right in his demand that the negotiations of the commission shall follow warfare, not be mixed with it.

The business men of the country have come to a very realizing sense of the fact that they are bearing practically all the burden of the war taxes imposed by Congress, and the New York Board of Trade and Transportation at a recent meeting adopted a resolution asking the next Congress, if the financial condition of the country permits it, to revise or abolish the stamp taxes. There is little likelihood that this will be done. Government expenditures have been put on such a lavish basis by the war and in other ways that the present rate of taxation will have to be continued, and this generation is likely to lick stamps to the end of its days.

The commission named by the President to determine the most practicable route for a canal across the Isthmus of Panama is composed of army officers, civil engineers and college professors. Its personnel would be unexceptionable were it not for the fact that every man is already committed in favor of the Nicaragua route. What was wanted for the important duty of selecting a canal route was not a commission prejudiced in advance in favor of a particular route but one that would impartially investigate the whole subject and reach an unbiased conclusion Before embarking on a scheme that may involve the expenditure of $150,000,000 the United States ought to know just what is the best thing to do

JEFFRIES A WINNER.

Californian Knocks Out Fitzsimmons In Eleven Rounds.

A CLEAN FIGHT AT CONEY ISLAND.

Over Nine Thousand Persons Witnessed the Big Mill, Which Resulted In the Former Champion's Defeat—Jeffries Led From Start.

CONEY ISLAND, N. Y., June 10.—James J. Jeffries, another sturdy young giant, has come out of the west to whip champion pugilists. At the arena of the Coney Island Athletic club last night he defeated Robert Fitzsimmons, world's champion in two classes—middleweight and heavyweight—in 11 rounds of whirlwind fighting. He came to the ring a rank outsider and left it the acknowledged master of the man he defeated. He was never at any time in serious danger and after the size up in the earlier rounds of the contest took the lead and was never headed. He had the Australian whipped from the ninth round and would have ended it in the tenth but for the lack of time.

The men fought before a crowd of 9,000 persons and stood up in a great beam of blinding white light. It was like a thousand calciums, and it showed their great white bodies in strange relief. When the blood came, it was of an intenser red than usual. There was not a suggestion of interference from the police. Chief Devery occupied a seat by the ringside, but never entered the ring. When it was all over, he sent Captain Kenny in to clean the ring of the principals. The contest was pulled off without a wrangle and was devoid of the brutal elements that Chief Devery alleged he feared. Never was a crowd handled with greater order and less friction. It was all perfectly orderly. The fight by rounds follows:

Round 1.—Both met in the center of ring. They feinted, with Fitz breaking ground. Jeffries keeping almost in the middle of the ring. Jeff was evidently trying to get the right over. Fitz led left to head, but Jeffries ducked cleverly. Jeff led left and fell short. He led for stomach and again fell short. Again he led a left swing for head, but Fitz was out of the way. Jeff tried right for body and left for head, but Fitz blocked and got away clean. Fitz tried left, landing on neck. Fitz essayed a right swing for the neck, landing lightly, and they came to a clinch, but broke clean. Jeff tried a straight left for jaw, but did not reach, and Fitz blocked an attempt at a left hook, shooting his left to the ear as the bell rang.

Round 2.—Fitz in middle ring made Jeffries break, and Fitz sent left to body. Jeff countered with stiff left on face. Jeff tried left for body, but was neatly blocked. Jeff then assumed a crouching attitude, boring in with left on body, but was again blocked, and they came to a clinch. Jeff landed two lefts on body and shot the left three times to Fitz's face without a return. Fitz tried his right for the head, but was short, and they came to a clinch, the referee going between them. Jeff tried a left chop for the head, but Fitz ducked safely. Jeff tried a left swing for the head and another for the body, but Fitz ducked away from him. Jeff then knocked Fitz flat on his back with a straight left on the face. The champion was up in two seconds, and then the bell rang

Round 3.—Fitz looked very determined when he came up for this round, with Jeff on the aggressive. They clinched twice without doing damage. Fitz tried a right hook for the body, but failed, and it was then seen that he was bleeding from the nose—first blood claimed for Jeffries. After another clinch, Fitz landed a hard left on Jeff's face and repeated it three times, coming to the center of the ring. Fitz landed a left swing on the jaw and a left hook on the ear. Jeff came back with a left hook on the side of the head, and they came to a clinch. After some feinting Jeff sent both hands to the body and drove Fitz back with a left on the chest. Fitz endeavored to land a left swing on the head, and they came to a clinch. Fitz landed a left hook on the head, Jeff countering on the face just as the round ended.

Round 4.—Fitz came up determined and tried a right swing, failing to land, and both clinched. Jeff tried a left for the neck, but Fitz got inside of his head, landing left on wind. Jeff sent two hard left hooks to the side of Fitz's head, jarring the champion each time. In the mix up Fitz got his left to head and right to body. After some fiddling and feinting Fitz sent a left straight to the eye and was heavily countered on the body by Jeff's right. A hard one over the heart by Fitz was answered by Jeff with a left on the neck, and then Jeff planted a heavy left on the chest and Fitz broke ground, but returned quickly, shooting his left to the jaw. This was an even round.

Round 5.—Fitz led off with a left to the face, splitting Jeff's left eye, which bled freely. Jeff retaliated with a hard left on the ear, and Fitz tried his right over the damaged eye. Failing to land, Fitz tried left for head, but Jeff ducked, and a clinch followed. Fitz put a light left on Jeff's mouth and forced him to the ropes. The Californian broke, but clinched immediately. Jeff tried a left swing for the body and left an opening which Fitz failed to take advantage of. Jeff, encouraged by this overlook, sent two lefts to the jaw and right on forehead without a return. Fitz rushed, but in trying to side step almost fell through the ropes, but regained himself and came back with a hard left on neck and right on body. Jeff replied with two stiff hits on face as Fitz crowded in on him. At this moment the bell separated them.

Round 6.—Fitz jumped across the ring, and Jeff broke ground. Fitz swung his left for head, landing lightly, and blocked a right lead for the body. Both tried lefts for the head, but were short. Then Fitz put his left to the face and missed a right cross for jaw. Fitz, still aggressive, bored in, sending left to face, Jeff countering lightly on the wind. Fitz crowded in, and with his left for the wind and Jeff crossing his right to the ear they broke from a clinch, and Fitz sent left to face and a hard right over the injured eye. Another clinch followed, and the referee had to separate them. Fitz sent left twice to head and followed with a hard left to chest. Jeff fought back wildly, landing both hands outside Fitz's guard, and after another clinch Fitz uppercut his opponent with his right on the wind. This was the last blow of the round, which was in Fitz's favor.

Round 7.—Jeff was a bit slow coming to the scratch and broke ground, making a circle of the ring. Fitz tried right to head, landing lightly, and Jeff got a left to the ribs. Jeff jabbed his left to the ribs and got away clean. Then the Californian endeavored to land a straight left for the face, but was blocked neatly, and received a left counter on the ribs. Fitz was on the aggressive and sent a left far back on the neck. Jeff tried to crowd Fitz on the ropes, but Fitz got away nicely. Then in a rapid mix up both swung rights and lefts for the head, landing lightly. Then Fitz hooked a left for the side of the head, and Jeff jumped in with a right hard on the body. Jeff swung his left for the head, but Fitz got inside of it and drove his right over the heart, when the gong sent them to their corners. This was Fitz's round.

Round 8.—Jeff was tardy in coming up, and the referee had to wave his hand to him to come to the scratch. Both men rushed matters without doing damage other than clinching until Fitz sent his left to the ribs, and Jeff hooked two lefts to the face. Jeff tried with his right, but was short, Fitz countering lightly on the chest. Fitz put a straight left on Jeff's bad eye. Jeff came back with a hard left on the body. Fitz endeavored to land a vicious swing with his left on the body, but Jeff came back with a similar blow on Fitz's head. Jeff then bored in and sent a straight left to Fitz's face, staggering the champion to the ropes. Nothing of any consequence occurred during the remainder of the round, and as Fitz walked to his corner he smiled at his seconds. This was Jeff's round.

Round 9.—Both came up willingly, with Fitz the aggressor, but Jeff sent him back with a straight to the face. Fitz missed a left swing for the head and received a hard right on the body. Then they clinched, and after the break away both tried lefts at close quarters, Jeff landing twice. Fitz, still in the aggressive, was sent back once more with a left on the body. After another clinch Jeff put two smart left raps on the nose. Jeff played again for the head smartly with his left, hitting straight, then with a backhand blow brought his left in contact with Fitz's nose. Fitz responded to this and clinched. Jeff threw his right over the heart with all his might and had Fitz guessing when the bell rang. Jeffries had decidedly the better of the round.

Round 10.—Jeff came up looking confident, and Fitz wore an earnest look on his face. The Californian was first to land, with a straight left on the body, bringing it up to the head, Fitz clinching. Going into the clinch Fitz drove his left hard to the wind. After a lot of fiddling Fitz tried a left swing, but went wide of the mark, but caught the Californian a second later with a swing on the nose. A straight left from Jeffries made Fitz's head wabble, and then with a left swing on the jaw put Fitz on his back. Fitz was very groggy when he got up in seven seconds and was sent down again with left and right on the jaw. He came up again in five seconds, and Jeffries rushed him into a corner, trying very hard to finish the champion, who was very groggy. Jeff was too anxious and failed to finish his man.

Round 11.—Fitz came up slowly, but assumed the aggressive, Jeff standing off, evidently waiting for a knockout. They clinched three times. Coming to close quarters, Jeff put two hard rights over Fitz's heart, sending him back, and then sent a straight left to the neck, following with a left on the chest. Fitz crowded in, trying his right for the jaw, but fell short, but succeeded in blocking the Californian's right return. Jeff then assumed the aggressive and jabbed his left to head. A jab on the left jaw from Jeff dazed Fitz, who stood helpless in the middle of the ring. Jeff looked at him for a second, and soon he had him at his mercy, swung his right to the point of the jaw, and Fitz went down and out, relinquishing the championship to the Californian.

Time of eleventh round, 1 minute 32 2-5 seconds.

MINISTER STORER IN SPAIN.

His Delay Explained as Having No Political Significance.

MADRID, June 10.—Mr. Bellamy Storer, United States minister to Spain, will arrive here this evening from San Sebastian, the summer residence of the Spanish court, whither Mr. Stanton Sickles, secretary of the legation, has gone to accompany him to Madrid.

His delay has no political significance whatever. He simply desired to find a residence for his use when the court goes to San Sebastian, and it is now expected that he will present his credentials to the queen regent next Monday.

During Mr. Storer's sojourn in San Sebastian there have been no popular demonstrations, and there is nothing to indicate that he will be received here otherwise than courteously. It is quite improbable that there will be any annoyance or demonstration in connection with his arrival.

Fighting Around Morong.

MANILA, June 10.—Twenty-five American soldiers who were engaged in reconnoitering in the fortified hills in the vicinity of Morong yesterday were attacked by 300 of the insurgents. The Americans fought their way home through the enemy and inflicted severe losses on them. The chief scout accompanying the Americans was killed. Five insurgents were captured and taken to Morong The enemy is very active. The garrison cavalry and the North Dakota infantry are employed in throwing up intrenchments.

The Texas Floods.

AUSTIN, June 10.—The unprecedented flood in the Colorado river and its tributaries still continues, and reports of loss of life and great destruction of crops and property have reached here from trustworthy sources. The earlier reports of the destructiveness of the high water have been verified. It is estimated that the loss of crops alone will aggregate over $1,000,000 The rich San Saba valley is devastated. The path of the flood covers a distance of 1,000 miles of the richest bottom lands in Texas.

Chasing the Train Robbers.

CHEYENNE, Wy., June 10.—A posse of Lander officers is after three men suspected of being implicated in the Union Pacific hold up at Wilcox. Six were concerned in the hold up, and the party separated, three making the Shoshone Indian reservation by way of Lander and the others being the three now being hunted north of Casper.

Surgeon Lung Remembered.

WASHINGTON, June 10.—Secretary Long has taken action upon the recommendation of Admiral Kautz and the commanding officer of the Philadelphia and others for official recognition of the gallant services of Passed Assistant Surgeon G. A. Lung, U. S. S. Philadelphia, during the troubles with the Samoans at Apia last April.

Training School For Cubans.

ALBANY, June 10.—The state board of charities has been asked to approve and recommend the incorporation of the Cuban Home Training school of New York, which object is to provide for the care and education of Spanish speaking children whether born in this country or elsewhere and to fit them for missionary work.

Naval Movements.

WASHINGTON, June 10.—The monitor Amphitrite has come out of dock at League island and sailed for Newport. The Detroit has arrived at Key West on her way from Bluefields for Washington with the remains of the late General McCauley. The Alliance has arrived at Fort Monroe.

Steamer Paris Breaking Up.

COVERACK, Cornwall, June 10.—All hands were called on deck last evening in anticipation of the breaking up of the steamer Paris, which, it is feared, will happen, unless the weather improves. All attempts to float her will be abandoned should there be no improvement in the conditions.

Thirty-six Injured.

KANSAS CITY, June 10.—A passenger train has been wrecked on the Pittsburg and Gulf railway at Grand View, four miles from Kansas City. Thirty-six passengers are reported injured in the accident.

Schooner Wrecked, Crew Lost.

ATLANTIC CITY, June 10.—The three masted schooner George A. Howes, the home port of which vessel is Philadelphia, was wrecked about 6 o'clock last night two miles off Barnegat. The crew is believed to have been drowned.

What will it do? It will do so much that it is impossible to tell it in a short space. It will brighten and freshen the rooms you have been living in and destroy all germs of disease. It will make the inside of the house attractive and cheerful, and if the house is not cheerful the family can hardly expect to be. It will protect the outside of the house and preserve it from decay, besides making it good to look upon. It will "stick closer than a brother," and it will make a place for itself in the corner of your heart, so that when the name "Chilton Paint" is mentioned you will "rise up and call it blessed."

If your dealer will not furnish it, write direct to the CHILTON MANUFACTURING CO., 49 Cortland street, New York city, for color cards and prices.

COMPLETE SETTLEMENT MAY FOLLOW

Present Plan Will Prevent a Possible Clash Between American and Canada on the Border Until the Joint High Commission Meets.

LONDON, June 10.—It is understood that the modus vivendi in the Alaskan boundary case has been settled in effect The principal difficulty was the location of the Indian village of Kukwan. This has been agreed upon, England probably conceding the White and Chilkoot mountains. Delimitation, it is believed, will not be difficult.

The matter of Pyramid harbor was settled some time ago, and after the arrangement arrived at on Tuesday relating to Dalton's trail only a few minor points remained to be cleared up.

Embassador Choate and the premier met at the drawing room yesterday.

Not Officially Reported.

WASHINGTON, June 10.—Up to the close of business hours at the state department no word had been received from London regarding the modus vivendi in the Alaskan boundary dispute.

The settlement, if it proves to be that, is viewed with much satisfaction by officials, although they say it is short of what was most hoped for—a complete and final settlement of the boundary controversy. The present plan merely seeks to avert a possible clash between the dangerous border element; but, it is stated, also will help along the final delimitations and perhaps may be accepted later by the two governments as the basis for the treaty delimiting the boundary, or the modus vivendi might be allowed to run along indefinitely, though it is preferred to meet the question of a permanent settlement squarely and fully at once by direct negotiations between the two governments and remove this stumbling block from the high joint commission, which, with the boundary dispute eliminated, probably can agree on the many other important subjects before it, including alien immigration, reciprocity, lake fisheries, warships on the lakes, north Atlantic fisheries, bonding privileges, etc. The high joint commission's reassembling is likely to be postponed until next autumn or early winter.

To Guard President Loubet.

PARIS, June 10.—President Loubet's route tomorrow from the Elysee palace to Longchamp will be lined with squads of police. Through the Bois de Boulogne the police will be strengthened by mounted republican guards, the various points of vantage in the wood being occupied by the military. Beneath the grand stand several companies of infantry will be held in readiness to appear at a moment's notice, and the way from the paddock to the president's box will be lined with files of the republican guards with fixed bayonets. Behind the soldiers will be hundreds of detectives under the personal command of the prefect of police of Paris. Cavalry will be placed in readiness to gallop along the course if necessary.

Cadets Discharged.

WEST POINT, N. Y., June 10.—The following cadets from the fourth class were found deficient and discharged from the Military academy: E. F. Fryer, New Jersey; George Mason Lee, Virginia; P. A. Dinsmore, Michigan; H. F. Strong, Massachusetts; Carl Boyd, Georgia; Richard P. Williams, Arizona; William H. Horton, Tennessee; J. F. Franklin, Tennessee. Young Lee is a son of General Fitz-Hugh Lee, and Williams is a son of the late Brigadier General Williams, who died recently in Havana.

More Room For Epileptics.

ALBANY, June 10.—The state board of charities is mailing blanks prepared by Secretary Hebberd, which are to be filled in with information concerning the dependent epileptics in the various counties throughout the state. The board of managers of Craig colony has notified this board that it is probable by Sept. 1 the capacity of the college will be increased to such an extent that 258 additional patients can be accommodated there.

Hail In Madrid.

MADRID, June 10.—A violent hailstorm occurred here last evening. Some of the hailstones measured nearly two cubic inches. Gardens were wrecked and windows and roofs pierced. Telegraph wires were broken, and several persons and a number of animals were injured. The queen regent and the king were walking in the palace garden and had to rush for shelter to a gardener's cottage.

The Hot Wave Passes.

NEW YORK, June 10.—The actual breaking up of the hot wave that had smothered this city for the better part of a week came yesterday with clouds and cooling breezes from the west.

BARRELS OF SAMPLES

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of this paper are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to, women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent. of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists. It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result. Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy or ropy your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's, Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold at all drug stores at $1.00 for a large bottle; six bottles for $5.00.

Brandreth's Pills had a Reputation before you were born.

They have been in active demand in the [illegible] of the world for nearly one hundred and thirty years, and have [illegible] known to fail to do the work required of them in a safe and [illegible] manner.

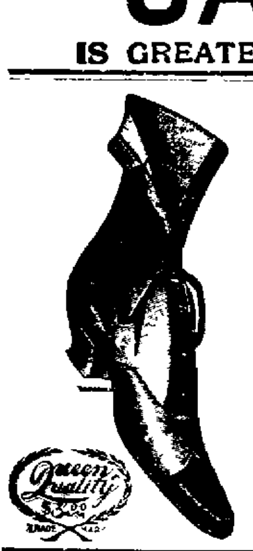

No medicine is made with such minute care [illegible] Brandreth's Pills. They are purely vegetable [illegible] tested for two years before being sold. The same dose always produces the same effect. Brandreth's Pills purify the blood, invigorate the digestion and cleanse the stomach and bowels. They stimulate the liver and carry off vitiated bile and other decayed secretions. They are a tonic medicine that regulate, purify and fortify the whole system. The first two or three doses (one or two taken every night) tell the story. The skin becomes clear, the eye bright, the [illegible] digestion is restored, costiveness cured, the animal vigor recruited and all [illegible] corrected.

Brandreth's Pills are sold throughout the world, both sugar-coated and plain.

ON THE TIP OF THE TONGUE

Most of the Middletown lawyers who have been in attendance on the Supreme Court in Goshen have only words of praise for Judge Garretson's courtesy, impartiality and ability. He didn't come to Orange county loaded with the notion of running court according to city methods, but was willing to conduct the business of the court in the way that has prevailed in this county for years, which, even if it is not the best way, is a way that has been entirely satisfactory to all. Orange county lawyers are conservative and have no use for new fangled court methods.

A cigarette making craze now prevails in this city. Two-thirds of the cigarette smokers carry a book of rice paper and a bag of their favorite tobacco, and in a few cases they roll the cigarettes very expertly. It is said to be a fact that no one is really an accomplished smoker until he has mastered the act of rolling a cigarette, and it's not so easy as it seems.

The prize fight was the one topic of conversation, Thursday afternoon, in many places in this city, and the papers were full of it, yet when a man wanted to get a couple of reserved seats in advance he couldn't find anybody who knew where they could be purchased and there was not an advertisement to be found in any of the New York papers which would give the desired information. There were columns of slush from the prize fighters' own palates about how easily they were going to win; interviews on the probability of police interference, and discussions about the Mazet Committee's attending, but not one word about how much tickets cost or where they were for sale.

There is a turtle soup craze on, which is holding a considerable number of citizens in bondage just now. The sight of a farmer's boy carrying a snapper through the streets will put a score of men on his track in order that they may know where to be when the soup is served. The well known chefs make delicious soup, and the man lucky enough to get a plate in front of him is apt to feel that he is just the right thing.

The farmer boy with the snapper comes to town with visions of a five-dollar gold piece, for the rumor is current that Jacob Gunther or Theodore Frank pay fabulous prices for them. His disappointment is very pronounced when he learns that from twenty-five to fifty cents is all that they are considered worth. A man with a turtle which Joe Lauer dressed to eighteen pounds of delicious meat sold it for fifty cents.

Policeman Roth cooks most of the turtles which Mr. Gunther buys and he has a taste that would fit him for a position on James Gordon Bennett's yacht. With plenty of stock, a little sherry and the necessary spices he can produce a soup which will send some men home pretty late.

The *Sun* of Friday had an article about the capturing of a turtle which weighed 1,200 pounds. It was seven feet across the shell. "Jake" said that if he had that turtle here he would put an orchestra of four pieces on its back and let walk up North street. A turtle of such enormous size is stronger than an ox.

The late C. G. Hedge was at one time a sailor, and he used to delight in telling how a ship he was on slid upon a turtle's back in deep water, and the crew thought they were on a rock or a wreck. The chart showed a perfectly clear sea at that point, and while they were pondering what to do the turtle swam away, nearly submerging the ship by letting it down again so suddenly in the water.

A Birthday Surprise Party—A Short Hay Crop—A Beautiful Plant.

Correspondence of ARGUS and MERCURY

—Wednesday was a memorable day at the residence of Prof. Tooker, for a goodly number of his wife's relatives and friends assembled to celebrate her seventy-seventh birthday. The gathering was intended to be in the nature of a surprise, but a hearty welcome was accorded to all and the day passed most pleasantly.

—The dry weather has cut the upland hay crop very short, and even if copious rains should come I have an idea that most farmers will find their mows a great deal larger than is necessary to hold the hay they will be able to gather.

—Mrs. C. E. Clark, one of the ladies of Slate Hill who delight in flower culture, showed me, the other day, a very beautiful hydrangea, of which she is justly proud.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at J. J. Chambers, Drug Store.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at J. J. Chambers, drug store.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about ¼ as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

THE PEACE CONGRESS

Still Discussing Arbitration Without Definite Results.

BRITISH SCHEME TO BE THE BASIS.

To Secure a Permanent Tribunal For the Settlement of International Differences—American and Russian Projects Not Given Up.

THE HAGUE, June 10.—The American delegates have practically abandoned their arbitration scheme, as it failed to obtain sufficient support.

Part of the Russian scheme will not be pressed, and the other part will be incorporated with the British proposals in a definite scheme. The proposal of Sir Julian Pauncefote has the advantage of not saddling the powers with the expense of a permanent tribunal, and the adoption of his scheme, with modifications, is considered certain.

The drafting committee was in session for three hours, although not a single conclusion was reached, with the exception of the acceptance of the British scheme as the basis upon which to discuss the establishment of a tribunal of arbitration.

After the session most of the members of the committee telegraphed to their respective governments, indicating that the discussion showed the necessity of having their instructions amplified. It is understood that several of the delegates of the smaller powers expressed a wish that the permanence of the tribunal might be made more effective and even moved amendments in this sense.

The great powers, however, think it impossible, it is said, to go beyond Sir Julian Pauncefote's proposals. Nevertheless a determined effort is being made to secure the institution of a permanent tribunal. The American and Russian projects have not been abandoned. Sir Julian Pauncefote's will merely be taken as the basis of discussion, and the American delegates say that the chief points in the American and Russian proposals will be incorporated as amendments.

A Bandit Lynched.

SANTIAGO, Cuba, June 10.—An official report from Holguin describes the lynching of Antonio Garcia, a bandit chief, who was taken from the gendarmery by the indignant citizens and hanged. Holguin is one of the most lawless districts in the island, and this summary punishment under all the conditions is regarded as a favorable symptom. Several of Garcia's accomplices have offered to surrender to the American commander at Holguin, who cabled Major General Leonard Wood for instructions. General Wood's answer was: "Make no terms with them. Arrest the criminals."

Kellogg Dies at Sea.

NEW YORK, June 10.—The steamer Augusta Victoria, Captain Kaempff, of the Hamburg American line has arrived from Hamburg, Southampton and Cherbourg. Among the passengers who embarked at Hamburg was Lieutenant Commander Wainwright Kellogg, U. S. N. He had been at Carlsbad undergoing medical treatment and was returning to the United States. On the evening of June 3 he died from heart failure and at 8 a. m. on the morning of the 4th was buried at sea with naval honors due to his rank.

Quiet In Samoa.

SAN FRANCISCO, June 10.—The steamer Doric, from the orient via Honolulu, brings advices from Samoa under date of June 2. The United States cruiser Philadelphia arrived there June 1. In an interview Admiral Kautz said that all parties agreed to abide by the decision of the commission of the three powers and that everything was quiet when he left. The bodies of Lieutenant Lansdale and Ensign Monaghan, the Americans killed in the fighting, are on board the Philadelphia.

To Receive the Verdict.

BRUSSELS, June 10.—M. Perreux, managing editor of L'Aurore, who was sentenced with M. Emile Zola by the Versailles court in the proceedings for libel brought against them by the officers of the Esterhazy court martial, has left Liege for Paris to enable the court to serve its verdict upon him. The sentence of the Versailles assize court in the case of each of the defendants was a year's imprisonment, with a fine of 3,000 francs, together with the costs of the suit.

A New Customs Order.

WASHINGTON, June 10.—Assistant Secretary Spaulding, in a letter of instructions to the collector of customs at New York, directs the discontinuance of the practice of requiring 10 per cent of each line of goods to be sent to the appraiser's store for examination. The collector is to restore the practice of examining one package at least of every invoice and one package at least of every ten for this purpose.

Rumors of Arbitration.

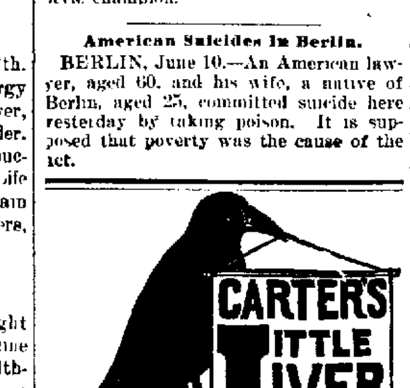

LONDON, June 10.—The Westminster Gazette says a rumor is current from a well informed source that it has been proposed in a responsible quarter that the United States mediate between Great Britain and the Transvaal. It is added that the suggestion is being considered, and "it is even not improbable that such mediation may be undertaken."

The Terrible Turk Lost.

FARGO, N. D., June 10.—Hali Adlai, the "Terrible Turk" and champion of the world, lost in a wrestling match last night with Duncan A. McMillan, the well known Scotch wrestler and five style champion.

American Suicides In Berlin.

BERLIN, June 10.—An American lawyer, aged 60, and his wife, a native of Berlin, aged 25, committed suicide here yesterday by taking poison. It is supposed that poverty was the cause of the act.

THE CANAL COMMISSION.

President Names Those Who Are to Choose the Isthmian Route.

WASHINGTON, June 10.—The president has appointed the following commission to determine the most feasible and practical route for a canal across the Isthmus of Panama: Rear Admiral John G. Walker, U. S. N.; the Hon. Samuel Pasco of Florida, Alfred Noble, C. E., of Illinois; George S. Morrison, C. E., of New York; Colonel Peter C. Haines, U. S. A.; Professor William H. Burr of Connecticut, Lieutenant Colonel Oswald H. Ernst, U. S. A.; Lewis M. Haupt, civil engineer, of Pennsylvania, and Professor Emory R. Johnson of Pennsylvania.

Rear Admiral Walker, Colonel Haines and Mr. Haupt are members of the present Nicaragua canal commission. Mr. Pasco is the ex-senator. George S. Morrison has been president of the Society of Civil Engineers. Alfred Noble was formerly a member of one of the canal commissions and has been engaged in many large engineering undertakings. Colonel Ernst was formerly superintendent of the Military academy and stands well in the engineer corps. Professor Burr is the head of the department of engineering of Columbia university.

Professor Emory R. Johnson of the University of Pennsylvania was evidently appointed because of his peculiarly strong qualifications as a student of commerce and economics. The president has felt that the economic and commercial side of the investigation into the proposed canal routes is one of its most important features, and in selecting Professor Johnson has acceded to the recommendations and wishes of many prominent commercial organizations.

CUBAN ARMED GUARDS.

General Brooke Issues an Important Order—Cab Strike Still On.

HAVANA, June 10.—Governor General Brooke has issued an important order regarding armed guards for sugar plantations, rural factories and similar establishments, at which it is often necessary, owing to the employment of large numbers of men, to keep safes containing considerable sums of money. Such conditions obtain especially in the provinces of Puerto Principe and Santiago. Under the Spanish regime the troops invariably guarded all large properties and were often allowed under special agreement to do certain work, particularly in the iron mines, where sturdy men fond of work and capable of a large amount of physical endurance could always find employment. Hereafter any such firm or company desiring guards will be permitted to employ the number necessary, providing only men of good character are retained for this purpose. Those chosen will be sworn in in like fashion as the police and under the mayor of the nearest municipality, who will be empowered to call upon them in an emergency. This will probably furnish employment to many former soldiers.

Rain fell continuously for three hours yesterday, the downfall being terrific. In a quarter of an hour the streets and sidewalks were flooded, and at the corners of the principal thoroughfares in the low districts the water was two feet deep. Boys earned good sums by carrying people who would otherwise have been compelled to walk.

The cabmen are still out on strike. Committees representing the owners and drivers waited upon General Ludlow, the military governor, and asked him to adjust the difficulty, but he declined to interfere.

A MAN LOST.

Lost! No man understands the full meaning of that word like the man who has been lost. He will tell you: "I was in the woods going ahead steadily when I realized I'd missed the trail. With a cry of 'Lost!' I broke into a run heedless or ignorant of the direction I was going."

The first impulse of a man lost in the woods is to run. The only safe thing is to sit right down and reason out the position.

Sometimes a business man gets up at the usual hour, breakfasts, kisses his wife and starts for the office. He has for some time seen signs that he was off the trail of health. To-day the signs multiply. His brain is dull and dizzy, his heart does not beat right, his breathing is difficult, his limbs feel tremulous. He is scared. He realizes that he's far away from the trail of health, and suddenly like a panther from a tree, the thought leaps on him, "You are a lost man." The first impulse is to run for help, though the way is honey-combed with pitfalls of quackery. But the rational man faces the facts, sits down and thinks over the position and its probabilities.

That is the man we want to talk to. Disease in almost any form is generally accompanied by the failure of the organs of digestion and nutrition. Re-establish these organs in healthy action the blood is at once enriched, the body nourished and the general health restored. This result is invariably accomplished by Dr. Pierce's Golden Medical Discovery. It is a stomach-strengthening, nerve-nourishing, muscle-making, blood-purifying medicine. It has cured thousands who thought their health entirely lost. The "Discovery" is not a stimulant and contains no alcohol or whisky. Sold at all medicine stores.

"Life Renewer" for Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up half day at a time for thirteen years until I used the Mystic Life Renewer. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and christian science treatments combined. It is the most wonderful medicine I ever saw."

THE

NEW YORK WORLD

THRICE-A-WEEK EDITION.

Practically a Daily at the Price of a Weekly.

The striking and important events of the last year have established the overwhelming value of *The Thrice-a-Week World* to every reader. For an almost nominal sum it has kept its subscribers informed of the progress of all our wars, and, moreover, has reported them as promptly and fully as if it were a daily. With our interests still extending throughout the world, with our troops operating in the Philippines, and the great Presidential campaign, too, at hand, its value is further increased.

The motto of *The Thrice-a-Week World* is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

We offer this unequaled newspaper and THE MERCURY together one year for $2.

The regular subscription price of the two papers is $2.50.

TOMPKINS.

COSTUME TALK SWEETENED WITH BARGAINS!

It isn't necessary to add the bargain attraction to secure your attention. You are giving every word we say about our Ready-Made Suits the favor of your prompt and practical interest. And without false modesty, why should you not? If we didn't think we deserved your appreciation it would be because we didn't deserve it. But we do, and we know we do. There isn't such another collection of summer gowns as this in this city. And for straight, manifest bargains, look over these.

Reduced Prices in Tailor-Made Suits.

The new price is a fair and square reduction from our own original figures. Not one of them either that you would hesitate to buy at the first price.

Suits at $8, last week were $10 to $12.50.
Suits at $10, last week were $18.
Suits at $12.50, last week were $18.
Suits at $15, last week were $25.

SILK WAISTS. IMPORTANT. We have secured a fair sized quantity of satin and taffeta silk waists, and we are to sell them this week at a set of prices that will make a stir.

It is not only that these are low prices; that in itself means nothing, for low prices are frequently put on waists that no woman would wear if she could help it. These need no enchantment of little prices to make them beautiful. They are beautiful in themselves and their cheapness is an added attraction.

They are worthy of Tompkins. Their silks are silks; their colors are those you are after; their styles are new and correct; their finishing careful and expert. They are waists that we should ordinarily be glad to have here at $4, $5, $6.50 and $7.50. Their prices will be $3, $3.50, $4 and $5.

WHITE DRESS GOODS. Now that the summer season is fairly started these cool delicate fabrics are much discussed and sought after. Claiming leadership in all matters pertaining to dress goods, we make this showing of white fabrics, one on which we may rest our proof. A list of many kinds and showing the range of prices on each follows:

Fine French Organdies from 25c to 60c yd.

Fine Swiss Muslins from 15c to 40c yd.

White Piques, plain and fancy, from 10c to 50c yd.

White figured striped lawns from 8c to 35c yd.

White dotted Swiss Muslin from 10c to 40c yd.

White India Linen from 8c to 30c yd.

White striped and checked Dimities from 6c to 25c yd.

THE UNDERWEAR YOU'D LIKE. We hear many things said of this Muslin Underwear showing, and have had some idea of printing a list of them. But a remark of the other day, casual and sincere, seems to include all the good that could be said in a single sentence. It was:

"I Couldn't Make These Better for Myself."

That is exactly the standard we have been working for, and no comment could please us better. The farther we can get away from the commonplaces "rushed together" factory made garment and the nearer we can approach to the painstaking finish of hand made home work, the closer we get to our mark. It would seem that we had reached it. But we recognize that cost must be less than home work, and so we give you immaculate and daintily finished garments for much less than you could make them yourself.

WASH DRESS FABRICS. With rise of thermometer thoughts of thousands turn to cool and lightsome fabrics. In no other store is there such a choice of all that's most desirable in Ginghams, Organdies, Dimities, Lawns, Sateens, Percales, Cambrics, Calicoes, Galateas, Outings and Coverts. All varieties so systematically and attractively displayed that one can quickly make selections. To further simplify we quote the following, suggestive of values to be found:

Lawns and Dimities, 10c value, per yd. 5c.

Fine novelty cord Gingham, very stylish, per yd. 10c.

Fancy Dimities, exquisite styles, per yd. 16c.

Imported novelties in Dimities and Organdies per yd. 25c.

New Dimities, fine quality, per yd. 10c.

Fancy Ducks, light and dark, per yd. 10c.

French Piques, extra quality, 12½c.

New Percales, 36 inch, per yd. 6c.

SODA WATER 3c A GLASS. Our Soda Water fountain is now in shape to furnish you with a cool and pleasant drink at a moderate price. Soda water with vanilla, lemon, strawberry, sarsaparilla, don't care, pineapple, chocolate syrups, 3c a glass. Also orange or lemon phosphate and coca cola 3c a glass.

ICE CREAM SODA 5c A GLASS. In our soda water we give the best ice cream made in this city and a liberal quantity too as you will note when you try it.

SURPRISES IN SUMMER HATS. We place on sale today about 100 pretty and cool looking hats for hot weather wearing. Their foundation is a high grade of light Italian straw. The trimmings are delicately tinted chiffons, sheer muslins and laces, especially point d' esprit and net intermingled with flowers as pretty and as seasonable as the hats themselves.

There is no prettier finish to a costume than we offer in these cool and dainty hats. Their prices a surprise, $1.50, $2.25, $3.50 and $4.50.

OUR CORSETS. If there were any better corsets than the one we sell, we'd have it. But we haven't found it yet and don't expect to find it.

Another thing we cannot find a woman who has worn the corset we sell and then discarded it for another make.

And another thing we buy our corsets direct from the factory. If you should get a corset of us that should break or pull out return it to us and get a new pair. We in turn return it to the factory.

SOME PRICES.

At 25c each, a Summer Corset, well made and usually sold for 39c.

At 50c, a Summer Corset made of strong net, well boned, trimmed top.

At 75c, we sell a corset that you will say is a good $1 worth.

In the $1 corsets find the extra long, medium and short corsets.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

Street Incident.

"My Dear Sir," exclaimed Lawyer Bartholomew Livingston, meeting the Rev. Dr. Archibald Windham on the village street. "What does this mean? I thought you were laid up with all sorts of bad diseases!"

"And so I was," replied the reverend gentleman. "I had an attack of indigestion and from that time on my whole system has been in a disordered condition until I began taking Hood's Sarsaparilla which has put me on my feet and cured all my stomach troubles."

"I don't doubt," said the lawyer, "This same medicine cured my wife of rheumatism and my little girl of scrofula. When they say it's the best medicine money can buy, they only tell the truth."

"Yes, yes, so they do," replied the minister, and the two passed on.

PRESBYTERIAN CHOIR'S FINE CONCERT

Children's Day Exercises—Mr. Mills' Appointment as Sidepath Commissioner—Jubilee Concert—Red Men's Entertainment.

From Our Regular Correspondent.

—A large audience gathered at Music Hall, Friday night, to attend the concert by the choir of the Presbyterian Church, under the direction of W. W. Whiddit, Jr., choirmaster and organist, assisted by Mrs. Mary Andrus, accompanist; Miss Florence H. Morgan, soprano; Charles S. Elliott, piano; W. H. Lampson, mandolin and banjo; Mr. Hartwell, guitar. The following programme was rendered:

List the Trumpet's Thrilling Sound.....Meyerbeer
The Choir.
Bride Elect March, for banjo ..... Sousa
Mr. Lampson.
Barcarolo, Santa Lucia ..... Har. by Wm. Rees
Female Chorus.
With Verdure Clad (Creation) ..... Haydn
Miss Morgan.
The Boatman's Good Night ..... Schira
Valse Caprice..... Rubinstein
Mr. Elliot.
Hark, 'Tis the Signal ..... Bohm-Macy
Duet from Robin Hood ..... DeKoven
Mi s Morgan, Mr. Whiddit.
Soldiers' Chorus (Faust)..... Gounod
Happy Days in Dixie, for mandolin. .....
Mr. Lampson.
In Old Madrid..... Trotere—Garcia
Female Chorus.
Thuringian Wedding Chorus. .....Macy
Gayest Manhattan March, for banjo .....Bratton
Mr. Lampson.
Waltz (Faust) ..... Gounod
Mr. Elliot.

The choir had been carefully trained by Mr. Whiddit, who is the recipient of unstinted praise and commendation for his earnest and painstaking work. The concert was a success in every particular. The work of the choir was especially brilliant. Liberal applause greeted Mr. Elliott and the performers on the stringed instruments. Miss Morgan's solo was followed by an ovation which necessitated a response and the audience went wild with enthusiasm over the duet by Miss Morgan and Mr. Whiddit.

—Judge Beattie, in naming V. K. Mills as a sidepath commissioner, said "he is not only interested as a wheelman but is an extremely competent engineer, whose knowledge should be of value to all interested."

—Children's Day will be observed in the Presbyterian and M. E. churches, tomorrow.

—A pleasant entertainment was given at the wigwam of Wawastawa Tribe of Red Men, Friday night. About one hundred friends of the members were present. Pascal Ramgires gave an elaborate exhibition of moving pictures which was greatly enjoyed by those present.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by a inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free,

"Laugh Out, Oh, Murmuring Spring."

It is the time to laugh, for it is the year's fresh prime; all nature is purified and ready for a carnival of growth.

Sensible people now do the same that Nature does—aim to be purified, and for the same reasons. They use that marvelous blood purifier, Hood's Sarsaparilla, that never disappoints.

Its work and worth are known world wide as a household medicine.

Hip Disease—"Five running sores on my hip caused me to use crutches. Was confined to bed every winter. Hood's Sarsaparilla saved my life, as it cured me perfectly. Am strong and well." ANNIE ROBERT, 49 Fourth St., Fall River, Mass.

Dyspepsia—"Nothing relieved me of my dyspepsia until I took Hood's Sarsaparilla. It cured me and I can eat three good meals every day. I give it to my children every spring." FRED POEHLER, 437 South Penna Street, Indianapolis, Ind.

Sore Eyes—"Humor in the blood made my daughter's eyes sore, so that we feared blindness, until Hood's Sarsaparilla made her entirely well." E. B. GIBSON, Henniker, N. H.

Scrofula—"My wife was afflicted with scrofula for fifteen years. Scabs formed on sores. Hair was matted. Her skin was rough, itching and burning. Six bottles of Hood's Sarsaparilla worked a complete cure." M. E. STEVENS, Charlotte Center, N. Y.

Run Down—"I am a wounded veteran of the civil war. I get all run down by spring time and not able to work. Hood's Sarsaparilla always cures me. My wife praises it for curing nervousness and rheumatism." J. A. ROBINSON, Colchester, Conn.

Vigor—"As a regulator, purifier, and invigorator Hood's Sarsaparilla stands at the head. It takes away that 'brown taste' and gives youthful vigor." J. D. GATES, 320 State Street, Chicago, Ill.

Asthma—"I was troubled with asthma for many years, being worse spring and fall. No medicine availed until I took Hood's Sarsaparilla which completely cured me. Many others heard of my cure and they use Hood's." C. L. RHODES, Etna, Ohio.

NEWS OF THE CHURCHES.

Notes of Sunday Services and Other Matters of Religious Interest.

The Thrall Hospital Calendar quotation for Sunday is:

Corner stone of High School laid 1896.

As when
The bird of wonder dies, the maiden phœnix,
Her ashes new create another heir,
As great in admiration as herself;
* * * *
Who, from the sacred ashes of her honor,
Shall star-like rise, as great in fame as she was,
And so stand fix'd.
K. Hen. VIII. Act V Sc. 4.

Wisdom hath builded her house, she hath hewn out her seven pillars, * * *
She hath sent forth her maidens; she crieth upon the highest places of the city,
* * * Forsake the foolish, and live; and go in the way of understanding.
